PLANED PRODUCTS

FINGER-JOINTED TIMBER AND MOLDINGS

PALLET TIMBER

OUR SAWMILL

We offer you what we like and can make well
We produce and export white and red
wood sawn and planed timber

OUR PRODUCTS

Spruce and pine timber

Easy to be processed and stored. The traditional sawn timber dimensions, and thickness are now accompanied with new wide customer products.

All lengths up to 6.0 meters are available. Sawn timber is shipping dry (18% +/-2%) or plane dry (12% +/-2%).

OUR PRODUCTS

Planed Products

The modern heavy-duty planing line applies the finishing touch to all sawn timber dimensions and lengths produced at the sawmill. It can also finish products from the blank and finger-joint line.

OUR PRODUCTS

Finger-jointed timber and moldings

Various products for wooden door and window manufacturers. Rough tongue and grooves, floorboards, a variety of exterior and interior lining profiles. All products can be accurately cut, tongued and grooved at the end, stacked in consumer packages or packed in shrink plastic.

OUR PRODUCTS

Pallet Timber

Olympus Timber supplies pallet timber in cross cut lengths from 0.8m upwards. We can supply pallet timber either kiln-dried or unseasoned depending on your requirements.

OUR RUSSIAN PARTNERS

Furniture, doors and stairs
